

## Cutting Crime in Clarendon

### Regular Surgeries

**First Saturday  
morning of every  
month in Lansdowne  
Street 11.15 - 12.15**

Look out for the yellow board!  
Cllrs. Sarah Boad & Eithne  
Goode at their surgery in  
Lansdowne Street.

At a meeting of the North Leamington Safer Neighbourhoods Panel in February, funding was agreed to tackle the top 3 priorities:

- 1 Anti social behaviour
- 2 Graffiti
- 3 Speeding Traffic

- Targeting the routes home from the Town Centre on Friday and Saturday nights which are 'hotspots' for antisocial behaviour – **extra police will be on the streets;**
- Pay for the Town Council to employ contractors to clean up graffiti;
- Investigate providing more speed indicator flashing signs on problem roads;

Robert Cunliffe - With more graffiti in Clarendon.  
"Graffiti blights communities,  
it can be unsightly and offensive,  
and cost thousands of pounds to put right"

The meeting was attended by representatives of the Police, Neighbourhood Watch, residents and your **Liberal Democrat Councillors**.

**Cllr Sarah Boad** commented 'Through this sort of action, we can cut crime and anti-social behaviour and improve the quality of life for Clarendon residents. Residents are telling us that many of these issues affect their lives and we taking action to overcome these problems.'

**Robert Cunliffe**, Chair of Clarendon Neighbourhood Watch attended the meeting and spoke out strongly in favour of spending money to remove graffiti. "Graffiti blights communities, it can be unsightly and offensive, and cost thousands of pounds to put right"

A survey of residents also highlighted litter as a matter of concern. Litter hotspots can be reported by ringing 450000 so they can be tackled by the rapid response teams.

**What they say....  
of your  
Liberal Democrat  
jointly run  
Warwick District  
Council.**

**"...is well managed,  
provides value for  
money"**

# Good News for Recycling!

**You can now recycle your old household batteries in your red box.**

Some of you have asked us if you can recycle their household batteries in their red box.

We asked if they could be included in the collection and we have just been told that this is now possible.

Just put the batteries in a clear plastic bag and leave them on the top of your red box.

**Alan Beddow**

(pictured above with his red box) said: "all sorts of household batteries can be recycled including those from radios, toys, clocks, remote controls along with specialist batteries such as from Laptops and Phones."

# New trees for Old? Lib-Dem's Keep Leamington Leafy

Clarendon's aging tree stock is in danger!

Some of our trees are 'over mature' and are dying off.

**Cllr Eithne Goode** said, "At a recent County Council Environment meeting, the other two parties refused to discuss a report from officers which said that there was an urgent need in Warwickshire to replace trees.

The reason for not discussing this topic was that there was a 'budgetary issue'. However when budgets were revealed, the only party to attempt to make provision for trees was the **Liberal Democrats**. Unfortunately, this element of our budget was voted down by the other two parties!"

**Fortunately the Liberal Democrats on the Town Council have ensured that funds are available for new trees!**

We have a current list of possible new locations for new trees but if you would like one outside your house and you would be prepared to water it for the first year or two if necessary, please contact us.

**Nicole Alexander** (Pictured above in Holly Walk at yet another felled tree) said, "it would be a shame to lose this lovely tree lined walk way, I am pleased that the Lib-Dem councillors will make sure trees are replaced in Leamington."

*'We Would Like To Hear From You!'*

The Liberal Democrats would like to use the contact information you provide to keep you informed about the issues you raised and our other activities. Let us know if you would not like to be contacted in this way.
